EXPERIENCE

Grace Bible Church

Media Assistant

August 2023 - Present
Bozeman, MT

- Oversaw all media-related operations for a thriving church of over 2000 people.
- Designed 30+ graphics monthly, spanning announcement slides, series graphics, bulletin inserts, flyers, and building signage.
- Directed daily audio and video edits using Adobe software, facilitating uploads to church website, app, and radio.

MT Association of Gifted and Talented Education

Webmaster

June 2023 - Present
Bozeman, MT

- Revamped branding and web design for an existing Weebly website, ensuring consistency and reliability.
- Developed custom-coded HTML/CSS elements to go beyond the limitations of the Weebly site builder.

Brightvine

Software Engineering Intern

November 2021 - May 2022
Remote Work

- Collaborated closely with the founding startup team to develop front-end components using **React.js**.
- Independently translated **Figma** designs into a functional marketing site using **Webflow**.
- Maintained a work-from-home role while enrolled full-time in college.
- Collaborated effectively with my team using **Slack** and Google Meetings for day-to-day communication.

Montana State University

Research Experience for Undergraduates (REU)

May 2021 - July 2021
Bozeman, MT

- Participated in rigorous 10-week, full time cybersecurity research program
- Developed optimistic concurrency control in blockchain to parallelize execution and **increase throughput by 500%**
- Authored research paper **accepted into IEEE Globecom Conference**

PROJECTS

InterVarsity Student Photographer

September 2019 - March 2021

- Created weekly Christian content for distribution across Instagram, website, and print.

Happy Scrunchie

September 2018 - September 2023

- Successfully operated an ecommerce business with **over 1000 online sales** on Etsy.
- Drove traffic with search engine optimization (SEO) and sales analytics.
